EDUCATION

Lovely Professional University

Aug 2024 - Present | Phagwara, Punjab | Core: DSA, OOP, DBMS, Computer Networks, Web Technologies

TECHNICAL SKILLS

Languages:

Frontend & 3D:

Backend & DB:

DevOps & Tools:

FEATURED PROJECTS

1. Voidra AI - AI-Powered Code Generation & Debugging Workspace

- Interactive Three.js 3D frontend connected to Python REST API backend.
- Sub-2ms local routing latency during load testing via optimized backend pipeline and JWT auth.

2. Urban Tourism Optimizer - Predictive Analytics & 3D Urban Dashboard

- Processed 10,000+ spatial-temporal records with 88% predictive model accuracy and live Weather API.
- Restructured REST API architecture resulting in a 40% reduction in platform load times.

3. E-Grievance Redressal Portal - Full-Stack MERN Platform

- Centralized citizen complaint logging with real-time ticket lifecycle tracking and category routing.
- Role-Based Access Control (RBAC) and sub-50ms MongoDB query responses.

ACHIEVEMENTS & CERTIFICATIONS

- 150+ DSA Problems Solved across LeetCode, GeeksforGeeks & CodeForces.
- 50-Day & 100-Day Consistency Badges on LeetCode Daily Challenges.
- Grade A Benchmark in AI-Driven MERN Stack Agile Sprint Bootcamp @ LPU.
- Database Management System Certification - Infosys Springboard.
- Represented LPU at All India Inter-University Championships (KIIT 2024, Vels 2025).
